PLAN TO RESTORE TEAPOT DOME

Legal Battle Starts Today In Federal Court, Cheyenne, Wyoming—Attorneys Appointed Have Three Phases In Mind

WHAT ACTIONS INCLUDE

Petition For An Injunction; Petition For Receivership; Petition to Have the Contract Set Aside—Sinclair to Protect His Lease

Cheyenne, Wyo., March 13.—(United Press).—The legal battle to restore Teapot Dome oil reserve to custody of the navy department and cancel the lease contract now held by Harry F. Sinclair, was ready to start today in Federal court here.

Atlee Pomerene and Owen Roberts, attorneys appointed by President Coolidge to attempt to recover Teapot Dome and the naval oil leases in California, planned to start three legal actions. These included:

- 1.—Petition for an injunction to stop removal of additional oil from the reserves.
- 2.—Petition for receivership against the Teapot Dome property.
- 3.—Petition to have the contract under which the lease was granted, set aside.

Sinclair was personally on the ground to direct the battle to protect his contract and lease. He was accompanied by a corps of brilliant attorneys, including Martin W. Littleton, of New York, and J. W. Zevely, Sinclair's counsel.

Cheyenne, Wyoming, March 13.—(United Press).—Stating that Harry F. Sinclair and former secretary of Interior, Albert B. Fall, conspired to defraud the United States government in the execution of the Teapot Dome League, the government today petitioned the United States District Court here to cancel the Naval contract. Attorneys Pomerene and Roberts appeared before Judge Kennedy at 10 a. m., and presented their petition and made ten charges.

TRY FOR ENGLAND TONIGHT

England will broadcast to America from 6 to 9:30 tonight and we feel pretty sure that some of the owners of those wonderful Unico Radio sets that we sell at \$37.50 have as good a chance of hearing England as many of the owners with sets that cost three times the money. Might's Book Store. 23711.

Jury Asks That Unknown Driver Be Apprehended On Manslaughter Charge

In the undertaking establishment of Deputy Coroner Michael T. Crowley last night, the investigation being conducted by Coroner William Greenlee, and the jury, composed of Charleroi men, a recommendation was made by the jury that the unknown driver of the machine which struck and fatally injured Clement Pireaux, of Lock No. 4, and aged 58 years, be apprehended, and held to await the action of the grand jury on a charge of manslaughter.

The accident, at 7 p. m., was witnessed by William Kline and his daughter, of Allenwood. But they were unable to secure the license number of the car, nor yet to get a good view of the driver, as he turned off the lights of the machine and sped away. It is said that the car was a Ford, and a short time after the accident and consequent fatality, a driver of a Ford crossed the Charleroi-Monessen bridge and paid toll, but there is no evidence to connect anyone with the crime, although Constable William Cratty of Lock No. 4 and the Monessen police have been and are still making investigation. In this regard they are also being cooperated with by the Charleroi police, headed by Chief of Police James A. Murphy.

After the accident, Mr. Kline and his daughter rendered first aid to the injured man and called the Char-

H. T. A. C. IN THEIR ELEMENT THIS EVENING

This evening the Hill Top Athletic club, at the club house, will hold their regular annual banquet. The affair, we understand, this year is of an impromptu nature, but there will be amusement galore for the members of the club and their invited guests.

WIDOW GETS FULL AMOUNT OF CLAIM

BELIEF EXISTS BOY IS ROBBED OF HIS PAY

Frank Kreps, Jr., aged 17 years, who resides in Fallowfield avenue, between Second and Third streets, an employe of the Allenport mill, drew \$70 for his pay last Saturday. Getting on the street car, with the car being crowded, the boy either lost the money in the jam, or was robbed. The opinion exists that the lad was robbed.

Young Kreps did not miss the money until he arrived at his home, when, on preparing to turn it over to his mother, the coin of the realm was missing. Word of the loss was communicated with the train crew of a car which the young man took home at Riverview, and though vigorous search of the car was made, the money could not be found.

GIRLS TELL WHY THE BOYS WON IN BASKETBALL GAME

In the game between the boys and the girls, which the boys won 20-10, the reason for the boys winning, say the young ladies, is because they were reinforced by Coach Stepanian, who played side center. The contest was played on Monday afternoon.

Charleroi ambulance, Mr. Pireaux being removed to the Charleroi-Monessen hospital. His condition from the onset was considered serious, as he suffered not only injuries about the head, but two ribs were fractured and his lungs punctured. He died on Friday, March 7, from general peritonitis, resulting from the wounds and injuries which he had received.

Mr. Pireaux was an old and respected resident of this community, and was wellknown as a contractor. His funeral services held Monday, were attended by a large concourse of people in attestation of the esteem in which he was held and was evidence of the sympathy felt for the widow, family, and relatives of the decedent.

March 25 Is Last Day In Which To File

Tuesday, March 25, is the last day for filing with the county commissioners petitions to be placed on the ballot at the primary election April 22 as candidates for members of the county board of directors.

The Republican party in this county elects at the primary two members of the county committee, a man and a woman, from each voting district. This committee, when it meets for organization after certification of the vote, elects the county chairman. Petitions are secured at the office of the county commissioners and after being filled up are returned to that office. This will be the first time that women have been elected to the committee and will practically double the membership of the committee. There are 167 election districts in the county.

The Democratic party also elects committeemen at the primary and also elects its county chairman at the same time.

REHEARSAL OF THE "BUL BUL" CAST

There will be a rehearsal of the "Bul Bul" cast at the Elks club this evening at 7:30.

Unusual facts were involved in a suit being heard in common pleas court yesterday in the suit of Mrs. Mary Colucci, of East Canonsburg on behalf of herself and two minor children, Dominick and Mary Colucci, against the National Life Insurance company of the U. S. A., of Chicago, Ill. The claim is for \$300, allegedly due under an accident policy held with the defendant company by Samuel Colucci, deceased husband of the plaintiff.

The claim is made by reason of the death of Sam Colucci, on May 24, 1922, in East Canonsburg. On that date Colucci, just in front of his home, following some trouble with a man Eligio Corsi was shot and fatally wounded. The contention of the plaintiff is that his death was not the result of anything that Colucci had done and therefore the insurance company is required to pay under the policy held with them by Colucci.

The company contested claim on the grounds that Colucci did not come to his death through any accidental means. The case was heard before Judge Brownson.

The jury found for the widow for \$332.48, the full amount of the claim, with interest.

Before Judge Cummins was heard the suit of A. J. Blee, of Donora, against W. S. Phillips of Brownsville, a claim for damages for personal injuries sustained by the plaintiff when run down by a car of the defendant on the Finleyville-Elrama road on July 6, 1923. The jury found for the plaintiff \$1,800.

On that date the plaintiff was in charge of a gang of men employed by J. F. Patterson, doing work under the name of the Donora Construction Co. Road construction work was going on on that highway at the time of this accident. It was averred that the defendant, notwithstanding the warning given him as he approached, drove into the men working along the road, striking Mr. Blee and hurting him seriously. His shoulder was dislocated, head cut and other injuries sustained.

NEW NAVY HEAD MAY BE EX-SENATOR

BULLETIN.
Washington, March 15.—(United Press).—William S. Kenyon of Iowa is believed to have accepted the post of Secretary of the Navy in President Coolidge's cabinet.

After 40 minutes conference with Mr. Coolidge today, Kenyon, on leaving the White House, said he would issue a statement this afternoon. The President said also that he would have a statement.

Senator Borah, Idaho, a close friend of Kenyon's, was called to the White House just as Kenyon left. The purpose of the summons was not known. Kenyon insisted that under no circumstances would he give indications of the nature of the forthcoming statement.

"Will your statement be issued about the time of the nominations being sent to the Senate?" Kenyon was asked.

"Possibly just about that," he replied.

Washington, March 13.—(United Press).—Judge William S. Kenyon, former Senator from Iowa, today will tell President Coolidge whether he will accept appointment as Secretary of the Navy, Denby's successor.

Kenyon, judge of the eighth United States circuit, has been warmly urged by Mr. Coolidge to accept, but some of his friends have advised him not to.

Their argument was that while Mr. Coolidge has indicated a great compliment to Kenyon's spotless reputation by picking him as the man he desired to head the navy in the situation growing out of the oil lease investigation, Kenyon has everything to lose and nothing to gain.

Kenyon would be giving up a life position to take another which is certain only until March 4 next. The navy is not in Kenyon's line of work and when he was appointed to the bench by late President Harding he indicated a desire to get out of politics for good.

Kenyon was first suggested recently as a successor to Daugherty as attorney general.

In connection with the question of Daugherty's retirement from the cabinet, it was learned today that Senator Borah, Idaho, leader in the Senate to oust the attorney general from office may make a speech on the floor of the Senate soon attacking Daugherty's retention in the cabinet.

Baseball To Open Here In Month Of May

With a large and enthusiastic attendance, the Charleroi Athletic Association met yesterday afternoon and perfected the formal and final arrangements for the opening of the baseball season in Charleroi between May 1 and May 10. D. Cleve Mathers will again officiate as manager of the local aggregation.

Wonderful as was the club last year, this season promises to show the fans of Charleroi and vicinity, interested in the success of the local team an even better club this year. The aggregation evidenced last year that it could be strengthened, and still retain the best of the old players this year. It will be peculiarly gratifying for the fans to know that Lew Phillips, a brother of First Baseman and Captain "Bill" Phillips, has made arrangements to stay in Charleroi, and will lend the weight of his valuable services in the outer garden. A HOSPITAL FOR WAR VETERANS

San Fernando, Calif., March 13.—(United Press).—The construction of a hospital near here for tubercular war veterans is to begin in the near future, according to Volney Craig, San Fernando rancher, whose offer of a site for the hospital was recently accepted by the government. The hospital will be designed to hold 500 beds.

THOUGH BEATEN ARE STILL IN RUNNING

The C. H. S. Girls Basket Ball team played a game at Edgewood Tuesday night, the line-up of which appeared in last night's paper. Although they were defeated with a score of 20-15, it was not the hardest game our girls played this season. The game with Steubenville was probably the hardest.

The game was very close one—both teams veritably running neck and neck until the last four minutes of play. Sometimes C. H. S. would lead, sometimes Edgewood would have the highest score. When a time-out was called when there were just four minutes to go, the score was 16-15 in favor of Edgewood. When play was resumed the referee called fouls on Phillips, Allsopp, and Cratty within a few seconds. All three girls already had four fouls against them, so had to go out. Then Edgewood managed to get four more points which made the final score 20-15.

Our girls are good losers and have nothing to say against Edgewood or the referee. When they lose a game they always declare, "The best team won." Visitors from other towns who attended the game seemed to be of a different opinion. They rooted for C. H. S. during the entire game. There were quite a few people present from Wilkesburg, as it is possible that the locals will have to play that team to retain their championship, although no game has been arranged as yet. If a game is played it will probably be on a neutral floor. The defeat at Edgewood will not prevent the girls from claiming the championship. Our girls are by no means discouraged. It seemed that all sorts of contingencies arose to aid locals in losing the game, so that it was a defeat at the hands of Lady Luck almost as much as at the hands of Edgewood.

WATER IS ALLRIGHT—IN BAPTIST CHURCH

Kingston, N. C.—March 13.—(United Press).—Mingo Cobb is dead. The average reader won't get much knock out of that announcement, but he was well known in this section. He was an old-time darkey, who during reconstruction days was the coroner of Lenoir county. He said before his death that he was 115 years old.

ACTIVITIES OF THE CHARLEROI FIREMEN

A MEETING OF COMPANIES HELD

Representatives of the West Penn Power Company, the West Side Rail-

ways Company, the Greensboro Gas Company, and the Tri-Cities Water Company, with A. M. MacDonald, borough engineer, representing the borough council, was held in the council chamber of the Municipal building yesterday afternoon at 2 o'clock.

The session, which was one probably of a series, was held for the ostensible purpose of arriving at some decision whereby, it is alleged, elimination can be made or had for what is claimed to be destruction of water and gas lines by electricity or electrical current.

"SURE CURE FOR THE BLUES," PLAY THAT IS ON FOR TONIGHT

"For One Night Only" the lay to be given by the Star class of the Christian church, at the Charleroi High School Auditorium, tonight and tomorrow night, will prove a great tonic to all those present.

The play deals with one Professor Goldwinney, who in his younger days at college was the author of a Roman tragedy which was forgotten for many years, until one Spartan Cratty, a theatrical manager drops into town, and through information furnished him by Rosa, a maid servant of the professor, discovers the fact that the professor has wonderful talent as a playwright, and while the professor's wife, and daughter are away Spotts undertakes to produce the professor's play. This leads to many funny situations, and the climax is reached when the professor's wife returns unexpectedly. The professor's elder daughter, who is married to one Doctor Newman, insists that (Continued on Page Two)

EDUCATOR AND GIRLS VISIT SIGHTS OF PITTSBURGH

Leaving on the 7 o'clock car for Pittsburgh yesterday morning, Miss Elizabeth Buchele, teacher of Domestic science in the Charleroi High School, in company with 42 Freshmen girls, spent a most delightful and interesting day.

Upon their arrival in the city they visited the Heinz plant, where they received the usual courteous reception, following which they journeyed to see the display of the Chronicle Telegraph Bird House contest of bird houses and dresses. They were then taken around the various departments of the newspaper offices, where they printed the daily paper, and had their photographs taken. After lunch the party made their way to Syria Mosque to see the Passion Players and the wood carvings, which they found highly interesting.

With the conclusion of their dinner, the contingent boarded the 6 o'clock car and arrived in Charleroi at 8 o'clock, concluding a day that they will remember for some time.

Order An American-LaFrance 75-Foot Aerial Truck Costing \$15,750 Machine to Be Delivered the Fore Part of June

EQUIPMENT IS SUPERIOR

Acquisition of Truck Will Make Local Department the Leader in Fire Equipment—Firemen Also to Stage a Comedy in April. And Bazaar in July

The Charleroi Fire Department has ordered a 75-foot aerial American-LaFrance truck, the same to be delivered the fore part of the month of June. It will be shipped from the manufactory at Elmira, New York. With the acquisition of this truck, the Charleroi Fire department will be the most modernly equipped of any department in the Monongahela valley. The truck is to cost \$15,750.

The machine and apparatus appertaining thereto will be used in the down-town business district of Charleroi. The truck will have in addition to its 75-foot ladder, to the total amount of 700 feet of ladders; so the business section of the town will be better protected than ever.

The firemen, ever busy, will stage a musical comedy at the High School auditorium April 22, 23 and 24. This musical comedy attraction will be the best affair of its kind ever held in the borough, according to the firemen, and they are sparing no pains to make it excel all the good things that are said in advance notices. Local artists will be in the cast, the best of them, and they will be assisted by the best talent in the valley—Monessen, Monongahela and Donora artists being in the cast.

The shows start Tuesday evening proper, but on the Monday night prior a performance will be staged for children only.

During the week of July 4, the firemen will hold a bazaar at the corner of McKean avenue and Fifth street. On the holiday there will be a \$1,000 aerial fire display to amplify other commendable features of the occasion. On the first day of the week, or Monday, the largest firemen's parade ever witnessed in the valley will traverse the streets and avenues of Charleroi, in which the various departments will join the Charleroi department in participating.

The proceeds of the week will be devoted for a liquidation of the indebtedness incurred by the purchase of the new truck.

Ten colored folk, seven men and three women, were arrested last night in a raid at Donora, and are being held in that borough to await investigation by federal narcotic agents as a result of the discovery of a hypodermic and six needles and a quantity of cocaine.

Those captured were from Monessen, Brownsville, and other points as well as Donora. Donora police are of the opinion that they are members of a gang known to be operating in the Monongahela valley. None of those under arrest give evidence of being addicts to the drug.

Following closely on the arrest of Michael Sotak of Monongahela at this place, for an attempt to smuggle morphine on alleged forged passport, his detention, has created considerable of a sensation in both Donora and Monongahela; Sotak's arrest has also caused considerable comment here.

NOTICE

The Ladies of the First Presbyterian church will hold a bazaar at Orange's on Friday, April 19, from 10 o'clock to 5 o'clock.

LOWERED PRESTIGE.
It is believed that President Harding's kindness and good nature mislead into trusting doubtful men. It is also thought that the revealed ability of some of the men he selected for high office would have imperiled his chances of re-nomination or re-election. As to the effect of the disclosures upon the prospects of President Coolidge, who in the backwater of the Vice Presidency was in no way possible, there is difference of opinion, some thinking his prospects might not be affected, and others that inevitably they will be lowered. In this connection the following remarks of the Springfield, Mass., Republican, which is friendly to Mr. Coolidge, will be interesting:
It must be recognized with candor that largely as the direct consequence of the oil lease scandal and the unwarranted attack on the Department of the Interior, the influence of the Administration with Congress has declined. Its prestige lowered in the public mind. The Administration's defeat in the House on tax reduction has further fresh confidence now displayed by the bonus advocates in both houses may be traced in no small measure to the demoralization in the entire Administration circle caused when it blew off Tea-Dome. Of Republican leadership in the Senate there is scarcely a trace. Senator Lodge appears to have fallen to a state of sulk, in the face of a state beyond his control, and to have washed his hands of the White House. There is a rumor that a large number of Republican Senators of Old Guard affiliations are preparing to "go down" President Coolidge and a new standard bearer for the party. Distressing as the situation is, it could have been infinitely worse if President Harding had lived to face the present crisis. Unless the party be saved through Mr. Coolidge, it is not to be saved at all."

ARCONI HAS A SYSTEM TO BEAT PRESENT WIRELESS
New York, March 13. — (United Press) — Senator Marconi, father of the radio, who will supervise the giant transatlantic broadcast tonight from the Savoy Hotel, London, has developed a new "beam" system which may supersede the present type of wireless transmission, it was reported from London today.
It is possible the new method may be tried in conjunction with the international broadcast tonight when nine powerful English radio stations will radiate a concert of American popular songs to the four corners of the earth.
The principal difference between Marconi's new system and the present procedure is that the waves travel in a straight line from station to station along a single "beam" instead of being broadcast in all directions. "I have already succeeded in 'beaming' power a distance of 2,000 miles," Marconi said, according to London news.
When the "beam" system is entirely perfected, it will mean that messages may be sent to their intended destination without being tapped.
Senator Marconi will preface the transatlantic broadcast tonight with a short address. Thousands of American radio fans will adjust their headphones at 6 p. m. (American time) for the event. The concert by the Savoy orchestra band will continue until 9:30 p. m. For the first half hour of the broadcast American radio stations will "stand silent." This will be the first time for radio set owners to listen in.
The British stations (with wave lengths) which will link with the Savoy tonight are as follows:
London, 2LO, 365 meters; Newcastle-on-Tyne, 5NO, 400 meters; Manchester, 2ZY, 375 meters; Birmingham, 5IT, 485 meters; Cardiff, 6BM, 385 meters; Glasgow, 5SG, 420 meters; Aberdeen, 2BD, 495 meters.

Religion has more to do with the length of your yardstick than with the length of your face.

Clothes have ever been an insistent problem. Eve's clothes cost Adam his garden; the modern Adam has to mortgage his house.

Umbrellas make such practical gifts, because you always borrow them back.

SMILE AND GO AHEAD.

One more year gone, another milestone past. Twilight comes on, the night will follow fast. But, through its blackness, silver moonbeams'll shed, Soft light to guide us o'er the road ahead.

We must go on; the past year's joys and sorrow, Are memories dim today, and come tomorrow.

These, too, will fade. Rightly the lesson read Means that Life runs before—the past is dead.

Go forward bravely then; great things await. The traveler who blanches not at adverse fate.

"To him that overcometh, I will give," was said; Trust in that promise—Smile and Go Ahead!

A man is very seldom sorry for what he didn't say.

"Ah," cried the washwoman as she espied the extra box of soap flakes on the shelf, "can you beat that for Lux?"

PATHETIC DIFFIDENCE.

"Why didn't you shout 'Fore'?" raged the injured golfer when the culprit had walked up to apologize.

"Really," stammered the beginner, contritely, "I'm most awfully sorry, but, you see, the fact is there's no point in my ever shouting 'Fore' because I never know for certain that I'm going to strike the darned ball."

"Oh, Semmay, Semmay! Such extravagance! At 4 o'clock in the afternoon you buy an All Day Sucker!"

STOCKS ARE LOWER THAN LAST YEAR

Harrisburg, Pa., March 13.—The stocks of corn, oats, barley and hay remaining in the hands of Pennsylvania producers on March 1 were less than the amounts held on the farms at the same time last year, according to the joint crop report of the United States and the Pennsylvania Departments of Agriculture issued by Paul L. Koenig, agricultural statistician for Pennsylvania.

The on-hand supply of wheat was said to be slightly larger than in the same period during the past few years due largely to the generally unsatisfactory price level.

From the reports of numerous farmers it was estimated that 1 per cent of the 1923 corn crop was of merchantable quality, a lower percentage than usual and accounted for principally in damage by frost in practically all the northern and western counties. The percentage the chop merchantable last year was 85 per cent; in 1922, 90 per cent; and in 1921, 86 per cent.

Estimates of the stocks remaining in the farmers' hands on March 1

24,656,000 bushels; wheat, 29 per cent of 7,009,000 bushels; oats, 38 per cent or 12,898,000 bushels; barley, 22 per cent or 59,000 bushels; rye, 30 per cent or 1,097,000 bushels; and hay, 32 per cent or 990,000 tons.

The respective percentages of each crop that have been or will be shipped out of the counties where grown are estimated to be as follows: corn, 10 per cent or 6,164,000 bushels; wheat, 40 per cent or 9,667,000 bushels; oats, 6 per cent or 2,036,000 bushels; barley, 3 per cent or 8,000 bushels; rye, 29 per cent or 731,000 bushels; hay, 12 per cent or 371,000 tons; and apples 3 per cent or 3,257,000 bushels.

A slight decline in land values was indicated in a summary of the crop correspondents' reports, while cash rents where reported remained practically the same as last year.

Poor plow lands were estimated to be worth \$30 an acre, good plow lands, \$68 an acre, and all plow lands averaged \$53. The average value of all farm land with improvements was given as 75, and without improvements, \$42.

Average cash rent paid per acre on Pennsylvania farms was reported as \$4.00, the land being worth \$60.00 an acre on the average. The cash rent per acre for plow lands averaged \$6.00 an acre, and the value of the land \$60.00 an acre. The average cash rent paid per acre for pasture or grazing land was \$3.00, the land averaging a value of \$50.00 an acre.

Wages being paid hired help on the farms were reported as \$39 a month with board and \$58 a month without board; \$2.50 a day with board and \$3.30 without board. The demand for farm labor was 58 per cent of the normal demand the same as in February, while the supply indicated a decline from last month, dropping down to 74 per cent of the normal supply.

Yes—it can be done

The finest of cars can be sold at these prices

THE Studebaker name guarantees to you the utmost in fine-car construction. For 72 years it has stood for quality, for honest workmanship, for square dealing.

It has always stood for style and class. Remember Studebaker carriages—supreme examples of fine coach building.

Consider our facilities—mark what we have at stake. \$30,000,000 in assets, \$50,000,000 in plants and equipment, \$10,000,000 in body plants alone.

Note our multiplying sales—the sensation of Motordom.

It is fair to assume that we can and do build the finest cars and Studebaker prices.

What is a fine car?

A fine car means the best materials any cost can buy. We use 55 formulas for steels, each known to be best for its purpose. We pay a premium of 15% on some to get the formulas exact.

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car within \$1,500 of its price.

A fine car means fine engineering. We spend \$500,000 yearly on that department, employing 125 able men.

It means careful construction. We have 12,500 up-to-date machines, 1,120 of our operations are exact to 1/1000 of an inch. 350 are exact to one-half of 1/1000 of an inch.

It means infinite pains. For instance, we machine all surfaces of our crankshafts as was done in Liberty Airplane Motors. We are

the only makers of cars at our prices who do this.

It means careful inspection. With us it means 30,000 inspections in the manufacture of each Studebaker car.

Luxury and beauty

It means a car to be proud of. Our body finish includes 15 coats of paint and varnish.

Chase Mohair is used to upholster our closed bodies—made from the soft fleece of Angora goats.

We offer much extra equipment.

Where savings come

Then how do the Studebakers so far undersell any comparable cars?

Because we build 50 many. The fixed costs are divided by enormous output—150,000 cars per year.

Because we build our own bodies. The saving to you on some types is up to \$300 per car.

Because we make our own forgings, saving another profit there.

Because our plants are modern and efficient. We have spent \$38,000,000 on them in the past five years.

Because we keep our men, make them partners, pay them large salaries. Training men is expensive.

Because we conduct this business in every way on the best modern lines.

What buyers save

The Studebaker Light-Six Touring Car sells for \$1,045. Under ordinary manufacturing conditions it would need to cost you from \$1,200 to \$1,400.

On our Special-Six the difference might be \$400 to \$700.

On our Big-Six type the difference may run into thousands, depending on the number produced. For this car compares only with the highest-priced cars in Europe and America.

You will respect the Studebaker methods when you come to know them. You will admire the cars they create. You will delight in the values.

Remember that last year 145,167 fine-car buyers, after comparisons, chose the Studebaker models. So many people could not be wrong.

Learn why they did so before you buy a car at \$1,000 or over. You owe that to yourself.

Go and See Why Studebaker Leads

Studebaker is now the world's largest builder of quality automobiles.

Last year, 145,167 fine-car buyers paid \$201,000,000 for them.

There are 13 models.

Prices begin at \$1,025.

Go see the reasons for this trend. See why sales have almost trebled in three years. Why these cars have become the sensation of Motordom.

You owe that to yourself before you buy a fine car.

WOMAN WEAK DIZZY, FAINT

Found Relief in Taking Lydia E. Pinkham's Vegetable Compound. Always Recommends It

Bridgeport, Connecticut.—"I was completely run-down, had headaches, dizzy, faint feelings and other troubles women often have. As I had taken Lydia E. Pinkham's Vegetable Compound before, my husband said to take it again. I have now taken Lydia E. Pinkham's Blood Medicine, the Liver Pills, and six boxes of Lydia E. Pinkham's Vegetable Compound Tablets. I am feeling very good now and shall continue taking them for a while. I have been telling my cousin about the medicine and she wants to take it, too. I always recommend it."—Mrs. HENRY C. SMITH, R.F.D. No. 2, Box 6, Bridgeport, Conn.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Smith's experience is but one of many.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 121,000 replies were received, and 93 per cent reported they were benefited by its use. For sale by druggists everywhere.

Phillips was a member of a team in the Northwestern league, where he was recognized as one of the best batters and leading fielders of the age. Manager Mathers is to be congratulated for his offices in getting Phillips to attach his signature to a Charleroi contract.

Manager Mathers said yesterday afternoon that he still has his lines out for Eddie Artman of the Turners, a veteran pitcher, who knows the game, can twirl with the best, and is also a good hitter. He said that he will have Snyder for the back-stop work—that he has his word that he will be here; that Beatty will alternate with Artman, or some other twirler of equal ability, if Artman is

not secured, and that the club will be reinforced by three or four other good men from the Pittsburgh district, proper.

Charleroi is a good ball town, with a good team. Manager Mathers assured us that Charlie Davis will cover one of the outfield positions, probably center field; that Anderson will be at his old post in center, with Phillips in left field, and Edmunson appearing in a portion of the contests. The infield will probably show its last year's composite strength, but its personnel will not be given until a later date. "Bill" Phillips and Pillingham are assured of berths at first base and second base, as they rank among the best in Independent baseball circles.

The Personal Side

Charles S. Van Voorhis has returned to his home in Sixth street, after a long absence.

Miss Gertrude Mangan of Sharon is visiting at the home of Mr. and Mrs. William Guiler of Fallowfield avenue.

Mrs. G. W. Corey of Shady avenue spent yesterday visiting with her mother, Mrs. Alice Mennon of Fayette City.

Mrs. Sarah Devinney of Beaver Falls is a guest at the home of her daughter, Mrs. L. R. Mack of Eighth street, for several days.

James Kiehl of Irwin, arrived in Charleroi yesterday to visit with his sister, Mrs. C. S. Grable of Fallowfield avenue for several weeks.

Harry Shroat resumed his duties at the store of J. W. Berryman & Son this morning, after a two weeks' illness at his home in Fallowfield avenue.

Miss Elizabeth Terbusch and Miss Charlotte Horst, both of this place, left today for Ingomar, Pa., to spend the week-end with Dr. and Mrs. Terbusch of that place.

Mrs. James Meyers has returned to her home in Lookout avenue from Waynesburg, where she visited for several days with her daughter, Elmira, who has been a patient in that institution for the past five weeks. Miss Elmira is slowly improving.

Mrs. James O'Brien of North Charleroi went to Pittsburgh yesterday to visit the Passion Players at the Syria Mosque. She was accompanied home by her sister, Miss Mary Hayes, who will visit here for a short time before returning to her home in Montpelier, Ind.

THE FRANC OPENS STRONGER TODAY

Paris, March 13.—(United Press).—France has overcome, at least temporarily, the threatened collapse of her national currency. The franc opened strong today with the dollar quoted at 23 francs, 30 centimes, and the pound sterling at 99 francs, 80 centimes.

The rise followed announcement that important credits have been established in foreign banking centers to defend the franc from international speculators.

The morning newspapers unanimously attributed the recovery of the franc to the friendly action of American and British bankers, but pointed out that the battle is not yet won.

In Society's Realm

The Jane Allen society of the Christ Lutheran church will meet this evening at the home of Miss Margaret Hayes of Lincoln avenue. A good attendance is urged.

This evening the Isabel Thoburns of the Methodist Episcopal church will be entertained at the home of Miss Priscilla Murray of Shady avenue. Mrs. John Bevan will be the assisting hostess.

Mrs. Valeria Jones and Mrs. Betty Kalback, both of North Charleroi, will entertain the members of the fortnightly club in the dining room of the Monier Hotel this evening. Cards will be the main diversion of the evening and a full attendance is anticipated.

The members of the Industrious Sewing Circle held their regular bi-monthly meeting at the home of Mrs. Dave Morgan of Fallowfield avenue last evening. There was a full attendance and an enjoyable time, was spent in sewing and social converse. Luncheon was served by the hostess.

Mrs. Charles Hazlett of Washington avenue delightfully entertained the members of the Ladies' Aid society of the Christ Lutheran church at her Washington avenue home Tuesday evening with 23 members present. Plans were formulated at that time for a bake sale to be held the latter part of next month, and the evening was pleasantly passed in sewing and fancy work. Mrs. Hazlett served an excellent luncheon assisted by Mrs. R. O. Vetter.

Tomorrow afternoon at the home of Mrs. Thomas M. Faddis of Washington avenue, the members of the Athene club will hold their regular bi-monthly meeting. The afternoon's program will be an interesting one. Mrs. Edwin McKay will read a paper on "The United States As a World Power," while Mrs. Faddis will give one on "The Outlawry of War, the Next Step in World Civilization." Current events will be discussed in response to the roll call.

With approximately more than 1100 students and alumni present the banquet held Tuesday evening in the ball room of the William Penn Hotel, Pittsburgh, under the auspices of the Pittsburgh College for Women was a decided success. The following local ladies motored to Pittsburgh Tuesday evening and enjoyed its amenities: Miss Margaret Bergman, Mrs. L. H. Wood, Mrs. John O'Neill, Miss Mary Provins, Miss Rita Crist, all of Charleroi, and Miss Frances Lowman of Belle Vernon.

ONE STONE FOR TWO KILLINGS

Pottsville, March 13.—Killing two birds with one stone, the Reading Company is removing all brush and timber along grade crossings in this section, thus aiding the "cross crossings safely" campaign and helping eliminate forest fires.

Brush and timber often obstructs the view of both automobile drivers and engineers. The railroad believes clear crossings will prevent many accidents.

Then such growths are always in danger of being fired during the dry season both by sparks from engines and carelessly tossed matches and cigarettes of motorists.

The Reading Company is also clearing new "fire lanes" in advance of the fire season, under its policy of doing everything possible to eliminate forest fire hazard.

Other railroads, it was said, have already or intend to adopt these precautionary measures.

JACOB ULERY DEAD IN WEST

Jacob L. Ulery, who died at Bozeman, Mont., Sunday, March 2, a son of David and Sarah Drake Ulery, was born in West Bethlehem township, January 11, 1846. His paternal ancestors were among the earliest settlers in this county, having taken up a homestead claim on Ten Mile creek, the present site of Zollarsville, on or before 1769, when this section of country was a part of Virginia.

His grandfather, Stephen Ulery, was a captain in the War of 1812. In October, 1862, Jacob Ulery, at the age of 16, entered the service of his country and became a sergeant in Co. F, Ringgold Battalion.

Following his discharge from the army in 1865, he entered Waynesburg college and after two terms at that institution attended a business school in Baltimore and went from there to New York City, where he was bookkeeper for a number of years for his uncle, Simon Ulery, a livestock commission merchant. He later came to Pittsburgh and entered into partnership with his brother, James D. Ulery, a commission merchant in the East Liberty stock yards. But the past fifty years he has spent in the west, mostly in Madison county, Montana, where he owned land and mining claims.

He is survived by two sisters, Mrs. Isabelle Simon of California, and Mrs. Arabie Crumrine of Scenery Hill and many nieces and nephews most of whom live in western states.

ACCIDENTS IN THE VALLEY

George Westhaver, aged 14 years,
son of Mr. and Mrs. Roy F. West-
haver of Monongahela, was injured
when he was struck by an automobile
yesterday on the Donora-Mononga-
hela road, near Baird Station, while
carrying lunch to his father, who is
employed by the American Steel and
Wire company, which is constructing
a bridge for the Southern Railroad
company. The little fellow was walk-
ing along the road when a Dodge
truck operated by Frank Drew of
West Newton, owned by the Union
Baking Company of the same place,
struck the boy. The front fender of
the machine hit the boy in the back
and threw him to the ground. The
driver in an attempt to avoid run-
ning over the boy, turned the wheels
of the machine sharply to the right
away from the boy, who was lying
prone in the highway. The rear
wheels of the truck skidded around
and struck the little fellow. He suf-
fered a broken finger and torn lig-
aments in his shoulder, besides num-
erous bruises about the body. Drew
picked the boy up and removed him
to a nearby residence and called a
physician from Donora. The boy's in-
juries were treated and he was re-
moved to his home in the truck after
the latter went to the boy's father
and explained the manner in which
the accident occurred and the extent
of the boy's injuries.

B. Verstein, of Pittsburgh, a sales-
man, was struck by an automobile on
Chess street, near Fifth, in Monon-
gahela yesterday morning, while
crossing the street. A Monongahela
grocer's delivery car, traveling at a
good rate of speed struck Verstein
as he stepped from the curb. The man
was thrown to the ground and suf-
fered bruises about the legs and body.
He was not seriously hurt, although
he was taken to a physician's office
in the car for medical treatment.

A GUARANTEED REMEDY FOR PILES

Go to Hennings' today, hand them
30c and say, "I want a jar of San
Cura Ointment" and if you aren't
satisfied—your money back.
"For twenty years I suffered with
bleeding and itching piles; at times I
was confined to the house for more
than a month. Two years ago I began
using San Cura Ointment and one 60c
jar made a firm and permanent cure.
I have not been troubled since."
—Rev. W. F. Gilbert, Titusville, Pa.
It draws out poison; that's the se-
cret of the wonderful success of San
Cura Ointment; that's why it so
quickly heals scalds, burns, cuts,
bruises, and eczema. It's best to use
San Cura Soap at all times; it is a
great aid in banishing pimples, black-
heads and the germs of disease. 25
cents at Hennings' Drug Store.

CUDDY TO MEET YOUNG ZABISH

Tomorrow night, at the South Side
Market House, Young Zabish, the
battler from Belthoover will be given
his long-looked-for chance to sock
Cuddy DeMarco on the chin and settle
for all time which is the better man
when it comes to affairs of the ring.
Zabish and Cuddy had a little argu-
ment in Uniontown about a year ago
and the critics were equally divided
as to the winner. Zabish thinks he is
the master of Cuddy—well Cuddy
merely smiles.

Zabish has been clamoring for a
return match and when the South
Side club took up his cry and offered
Cuddy the bout DeMarco thought it
over and signed. "I will settle with
this Signor Zabish," loftily remarked
Signor DeMarco to Signor Match-
maker Rich Holland, "and when I
have settled, Signor Zabish will no
longer go around crying for a bout
with me, Cuddy DeMarco."

That's that. The final act will be
enacted tomorrow night.

Holland has completed his pre-
liminary bill. It is equal to any pre-
lim card being booked these days.
Teddy Welsh and Joe Patchen were
signed for the second bout yesterday
and in the semi-final Patsy Gallagher
will try his luck again with Kid Car-
penter, while Joe Rivers and George
Teahue will open the show promptly
at 8:30. The South Side promoters
are enthused over their selections and
believe there will be more fight in this
crowd than in any show they have
yet put on.

The advance sale for the show has
exceeded expectations so far and the
boy promoters are looking for a rather
sizeable jam in the Market House
when the opening bout gets under
way.

A WHEAT POOL TO HANDLE MANITOBA CROP

Winning Manitoba, March 13. —
(United Press).—It has definitely been
decided by the united farmers of
Manitoba to establish a wheat pool
for the handling of Manitoba's 1924
crop.

Very Much So.
Customer (glancing his favorite
watcher)—Where's Jules today?
Waiter—He's gone, sir.
Customer—Gone! Do you mean he's
defunct?

Waiter—Yes, sir—and with every-
thing he could lay his hands on!

References.
"And what about your references?"
asked the employer of the applicant.
"References?"
"Yes, my advertisement stated,
"Best references."
"But I thought that applied to you!"

Housewife Becomes A New Woman

"All of our best doctors had given
me up. I was unable to leave my bed
for 16 weeks and was yellow as a
pumpkin, besides the terrible stomach
aches I suffered. One druggist ad-
vised my husband to try Mayr's Wonder-
ful Remedy and it has saved my life.
I am a new woman, now." It is a
simple, harmless preparation that re-
moves the catarrhal mucus from the
intestinal tract and allays the in-
flammation which causes practically
all stomach, liver and intestinal ail-
ments, including appendicitis. One
dose will convince or money refund-
ed. At all druggists.
